Conveyor Toasters

The Thor series of Conveyor Toasters have capacities that range from 300 slices per hour to 600 slices per hour. Each model comes with a heavy duty gear-box and chain drive system and is built to manage high volume toasting. The units are heated by dual robust metal incoloy heating elements and the adjustable controls allow the operators to vary the amount of toasting. The unit can be adapted for pass through or return operation and has a large opening that makes it suitable for bagels and muffins.

Product Features

- Stainless steel construction
- Top and bottom metal heating elements
- Dual function energy and speed performance control
- 3 function heat control
 - Dual top and bottom element heating
 - Top element heating
 - ECO energy saving feature
- Variable speed control of the conveyor belt
- Pass-through and return operation
- Removable feeder rack and crumb tray
- Removable crumb/grease tray
- Large cavity opening for bagels, muffins –55mm / 2.2 inches
